

e-Ticketing at the IFFI

Goa has been hosting the IFFI for the past few years. During IFFI 2010, e-Ticketing was introduced with a view to reduce the queues at every screening venue of the IFFI. The e-Ticketing facility allows all approved delegates and media personnel to create a login using their delegate ID. After successful login, the delegate gets the following facilities:

- Book a ticket
- Print a ticket
- Cancel a ticket
- Reset password

Festival delegates are relieved from standing in queues at the venue.

The screenshot shows the IFFI 2011 e-Ticketing website. At the top left is the IFFI 2011 logo. The main header is "e-TICKETING" with a "00002" ID field. A navigation menu on the left includes: ABOUT e-TICKETING, CREATE ACCOUNT, BOOKING e-TICKET, PRINT TICKET, CANCEL TICKET, SEARCH MOVIE, RESET PASSWORD, and HELP. The main content area features a "HOME" button and the title "GOA FILM ARCHIVE AND FILM BOOK LIBRARY". Below this, there are three paragraphs of text, each starting with "Entertainment Society of Goa has set up a Digital Film Archive in Goa which is a novel initiative in Asia, with a view to promote a healthy Film Culture in Goa, encourage research on various aspects of cinema and also preserve cinema for posterity." On the right, there are sections for "42ND INTERNATIONAL FILM FESTIVAL OF INDIA - GOA" (23rd November to 3rd December 2011), "BUSINESS & SPONSORSHIP INQUIRIES", and "DELEGATE REGISTRATION". A "Winning Poster" banner is also visible. At the bottom, it says "STARTS ON 23rd NOVEMBER 2011" and "Developed by National Informatics Center".
